

Note of Endorsement as Proposer of Lawrence Osborn for the post of Area Link Tertiary

I have known Dr Lawrence Osborn for 12 years through our mutual connection with the Glasgow local group of TSSF. He was for a time the LG Convenor and under his guidance the group met on a regular basis for fellowship, discussion and prayer. He is also a Novice Guardian. Lawrence has the qualities of gentleness, patience and wisdom. He is very well read in many subjects and in particular has written a paper on Franciscan resources for an environmental theology. I am happy to propose Lawrence as Link Tertiary and I am confident that he will enjoy the role and diligently carry out its tasks.
